WORK EXPERIENCE

Hestabit Technology - Django Developer Intern

November 2023 - November 2023 Remote

- Enhanced a Django-based car showcase platform by developing searchable vehicle listings and detailed specifications, delivering a more user-friendly experience for over 5,000 monthly visitors.
- Spearheaded API integration and database optimization, enhancing user experience and reducing load times by 30%.

National Informatics Centre - UI/UX Design Intern

January 2025 - February 2025 New Delhi

- Redesigned mobile app interfaces, enhancing usability and user flow, resulting in a 20% increase in user satisfaction scores after launch through collaborative efforts with the UX team.
- Designed impactful custom icons and logos for diverse clients, boosting brand recognition by 30% and enhancing overall visual identity.

Boediarto Company - Freelance UI/UX Designer

March 2025 - May 2025 Remote

- Delivered brochures, pitch decks, and brand assets aligned with marketing goals.
- Collaborated with product managers and UX designers to convert project requirements into engaging user interfaces, improving user satisfaction by 15%.

Okie Dokie - UI/UX Design Intern

June 2025 - August 2025 Remote

- Led UI/UX design for web and mobile applications, ensuring cohesive experiences.
- Designed and implemented user flows and design systems, boosting user engagement by 30% across platforms.

- Leveraged AI and visual design to build cohesive brand and product experiences.

FuturixAI - Associate UI/UX Designer

August 2025 - September 2025 Remote

- Redesigned websites with emphasis on accessibility, usability, and modern visuals.
- Designed interactive prototype animations to demonstrate user interactions.
- Used wireframes, mock-ups and prototypes to establish user interface design and architecture.

AlgobrainAI - UI/UX Designer

October 2025 - December 2025 Remote

- Presented and demonstrated a comprehensive design system to the client, ensuring consistency and scalability across products.
- Designed and developed responsive web applications, delivering seamless user experiences across devices.
- Created a Restaurant POS system with intuitive UI and efficient workflow for real-time order management.
- Designed and implemented interactive dashboards for data visualization and performance tracking.

PROJECTS

Crafted Co.

Independent design studio building premium digital products and visual systems, from brand identity through to shipped interfaces.

crafted-co.vercel.app

Abyss Archive

Self-designed and built personal library web app to track games, books, and movies in one place, with search, sort, and export.

abyssarchive.space

Modyule

A reusable component system for building admin dashboards quickly, designed and developed end-to-end.

modyule.vercel.app

Commit

Offline-first habit tracker app designed for simplicity and daily consistency, published on the Play Store.

[Google Play](https://play.google.com/store/apps/details?id=com.commit)
